From London

M11. You can only exit the M11 from London bound carriageway. Exit Junction 5 and take the left hand fork on the slip road turning left onto dual carriageway. At lights turn left into Oakwood Hill and immediately left again onto slip road which takes you into Club Car Park.

From North

M11. From the North you can exit the M11 at Harlow (Junction 7) and then follow signs to Epping and then Loughton. The club is about 25 minutes from this junction. Once you reach Loughton follow the signs for M11 London. (See Epping / Waltham Abbey to club for more information)

M25. If you are using the M25 exit the motorway at Junction 26 (Waltham Abbey). Follow the signs to Loughton. The club is about 15 minutes from this junction. Once you reach Loughton follow the signs for M11 London. (See Epping / Waltham Abbey to club for more information)

Epping / Waltham Abbey to Club

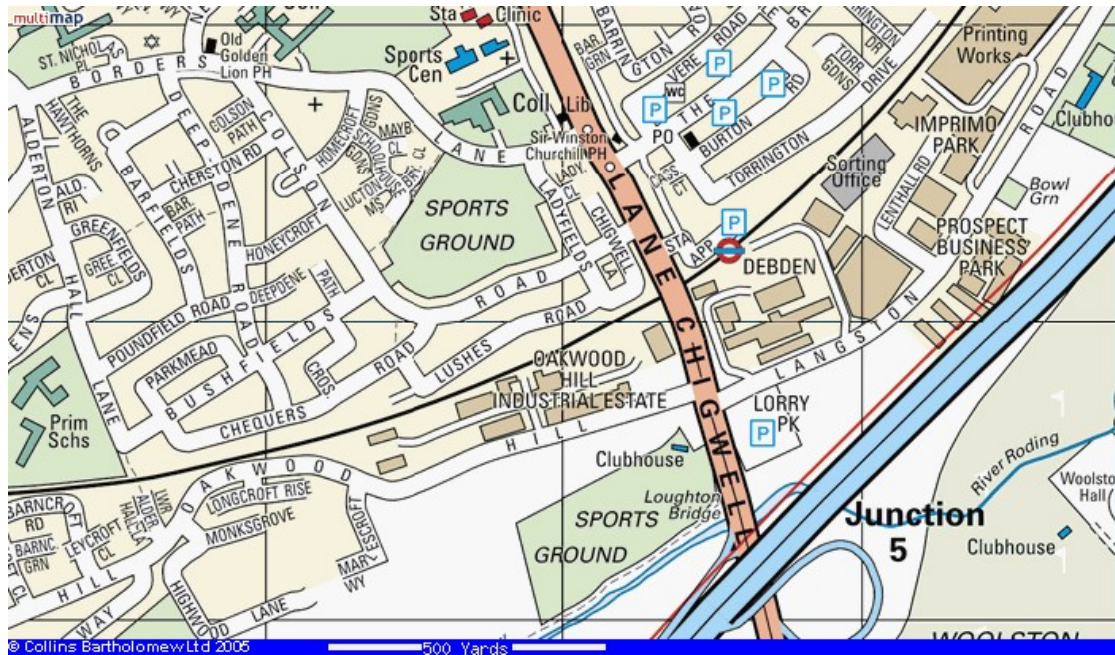

Basically between Epping / Waltham Abbey and Loughton you will travel through Epping Forest. As you approach Loughton you will come down a very steep hill coming out of the Forest. At the bottom of the Hill there are 2 mini roundabouts. At the second mini roundabout turn left into Rectory Lane. Continue along Rectory Lane for about a mile past a double set of lights. When you go through the lights with the BP garage on your left continue straight down the hill under the railway bridge. Just past the railway bridge is a set of traffic lights. Turn Right at the lights. The entrance to the club is basically at the start of the road you are turning into. You will see the slip road to the left as you enter the road.

The club is situated near the M11 entrance at Junction 5 on the opposite side of the road to the BMW garage. You will need to turn into Oakwood Hill to get into the ground car park.

The Entrance to the club car park is via a slip road on Oakwood Hill. This is right on the corner of the junction by the lights with Chigwell Lane. Please take care when entering the slip road as not all people are aware of the entrance. The slip road is also quite narrow and cars use the road in both directions.
